She is thinking about sending pictures digitally to Walgreens periodically throughout the evening so we can have them back to send home with families. She would call Walgreens in advance to give notice & to see if there would be any discount.

 - Dr. Mayer would like KMPTO to support this program as needed next year.
 - KM will provide the funds needed for the program presentation.
- About \$6000 is in the student accounts waiting to be used on Chromebooks. The next generation of Chromebook is due out early this summer (possibly touch screen).
 - Bandwidth for the KM building will double next year.

- KM has about 12 Chromebooks now, but would like to see 15-18 more.
This would be 3 per class for 10 classrooms (grades 3-5).
- They would also like to get tablets for the k-2 grade classrooms.
- All the KMPTO donations to KM go into a fund (the student accounts). It is required that the money from this fund be spent on something for students. This requirement is set in place regardless of a change in administration (principal) at KM.
